SUBJECT: MAY 9 AND 10, 2020- GRIFFITH PARK VEHICLE TRAFFIC AND PARKING PLAN

Greetings Los Feliz community. With the Mayor's "SaferLA order," trails in Griffith Park and throughout Los Angeles will reopen on Saturday, May 09, 2020. This weekend we are expecting great weather and large crowds in Griffith Park. The Department of Recreation and Parks along with Los Angeles Department of Transportation (LADOT) and Los Angeles Police Department (LAPD) have worked together and developed a vehicle traffic plan to help keep vehicles moving and our park patrons safe. Below is important information regarding road closures and parking locations. If you have any questions please do not hesitate to call Chief Ranger Losorelli at 213-364-1485 or Park Services Supervisor, Sean Hinton at 213-284-5674. Thank you for your continued support.

Closures:

- Fern Dell Road will be closed at Los Feliz Boulevard between the hours of 6:00 a.m. to 8:00 p.m. If you are a resident, please advise the Ranger or LADOT Traffic Officer at the intersection and they will provide access to you. This closure will help emergency response vehicles into Griffith Park without any vehicular traffic impediment. Pedestrian traffic will be permitted with no restrictions leading to the trails.

Los Feliz at Hillhurst and Vermont Avenue Intersections:

- Los Feliz at Hillhurst and Vermont Avenue will remain open to vehicle traffic leading into Griffith Park. LADOT Traffic Officers will be posted at these intersections to help keep vehicle traffic moving. LADOT Traffic Officers will close northbound vehicle traffic only if in the event of an emergency or safety issues should arise.

Parking near the Greek Theatre and Griffith Observatory:

- Vehicles entering through the Vermont Gate will be able to park at the following locations; Greek Theatre Lot G , Boy Scout Road and Roosevelt Golf (golfers only). Vehicles will not be permitted to go beyond Greek Theatre Lot G.
- Griffith Observatory parking lot and Western Canyon Road will continue to remain closed for vehicle access.
